ITEM 45 – PAYMENT OF TRANSPORTATION AND OTHER CHARGES [N], LIEN FOR UNPAID CHARGES AND FINANCIAL ASSURANCES

~~The Transportation Charges and all other charges accruing on Products accepted for transportation under this tariff shall be based on the applicable rates contained in this tariff.~~

Carrier shall invoice Shipper for Transportation Charges on a monthly basis. Shipper shall pay all charges within 10 days from the receipt of invoice from Carrier. For any charges that remain unpaid for more than 30 days from the receipt of Carrier's invoice, Shipper shall pay an interest~~

charge equal to the lesser of (i) 18% per annum, or (ii) the maximum non-usurious interest rate that may then be charged under Texas law.

~~Carrier will have a lien on all Product in its possession belonging to Shipper or Consignee to secure the payment of any and all unpaid transportation, or any lawful charges that are due Carrier, that are unpaid by Shipper or Consignee, and may withhold such Product from delivery until all unpaid charges have been paid. If said charges remain unpaid 10 days after final notice and demand therefor, then Carrier will have the right, through an agent, to sell such Product at public auction, on any day not a legal holiday, in not less than 48 hours after publication of notice of such sale in a daily newspaper of general circulation published in the town or city where the sale is to be held, stating the time, place of sale, and the quantity and location of Product to be sold. At said sale, Carrier will have the right to bid, and if the highest bidder, to become the purchaser. From the proceeds of said sale, Carrier will pay itself the transportation and all other lawful charges, including expenses incident to said sale, and the balance remaining, if any, will be held for whomsoever may be lawfully entitled thereto.~~

Carrier may require that all payments to Carrier for services pertaining to the transportation of Products be wire transferred in accordance with the instructions on Carrier's invoice to Shipper. If Carrier determines that the financial condition of a Shipper or Shipper's guarantor (if any) is or has become impaired or unsatisfactory or Carrier determines it is necessary to obtain security from a Shipper, then Carrier, upon notice to Shipper, may require any of the following prior to Carrier's delivery of Shipper's Products in Carrier's possession or prior to Carrier's acceptance of Shipper's Products: (1) prepayment of all charges by wire transfer, which will be held by Carrier without interest accruing thereon until credited to Shipper, (2) a letter of credit at Shipper's expense in favor of Carrier in an amount sufficient to ensure payment of all such charges and, in a form, and from an institution acceptable to Carrier, or (3) a guaranty in an amount sufficient to ensure payment of all such charges, and in a form, and from a third party acceptable to Carrier. If Shipper fails to comply with any such requirement on or before the date supplied in Carrier's notice to Shipper, then Carrier will not be obligated to provide Shipper access to Carrier's facilities or provide services pursuant to this tariff until such requirement is fully met.

[N] The Shipper shall pay all charges as provided for in this tariff or otherwise lawfully due to Carrier, and, if required by Carrier, shall pay the same before acceptance or delivery by Carrier of Shipper's Product.

Carrier will invoice Shipper for charges or other lawfully due amounts on a weekly basis unless otherwise specified in a TSA or where operational issues make billing on a weekly basis impractical. Shipper shall pay all invoiced amounts within 10 days of the date of invoice from Carrier. If any amounts owed by Shipper are not paid by the due date of Carrier's invoice, Carrier will have the right to assess an interest charge on the entire past due balance until paid in full at the rate equal to the lesser of (i) 18% per annum, or (ii) the maximum non-usurious interest rate that may then be charged under Texas law. Carrier may require that all payments to Carrier be sent by wire transfer in accordance with the instructions on Carrier's invoice to Shipper.

Carrier will have a lien upon all of the following, whether now or hereafter existing or acquired, as collateral security for the prompt and complete payment and performance of the Obligations (as defined below): (a) all product of Shipper in the possession of Carrier or its agents including linefill; (b) all of Shipper's prepayments, deposits, balances, and credits with, and any of its claims against, Carrier, at any time existing; and (c) all proceeds of any of the foregoing property in any form (collectively, "Collateral"). The foregoing lien and Collateral secures all of the following obligations of Shipper (collectively, the "Obligations"): (i) any and all charges owed to Carrier by Shipper under this tariff or otherwise lawfully due to Carrier, including penalties, interest, and late payment charges; (ii) the reimbursement of any costs or amounts Carrier may advance, spend, or incur for the storage, preservation, removal or sale of the Collateral or otherwise to enforce the lien or these Obligations; and (iii) all amounts owed under any modifications, renewals, or extensions of any such Obligations. The lien provided in this tariff is in addition to any lien or security interest provided by applicable law and any and all other rights and remedies Carrier may have at law or in equity. If any amounts accruing and owed to Carrier remain unpaid 10 days after written notice and demand therefor, then Carrier or its agent will have the right, in addition to and not in limitation of its other rights and remedies, to sell any or all of the Collateral at public auction, on any day not a legal holiday. The date for the sale will be at least 48 hours after publication of notice of such sale in a daily newspaper of general circulation published in the town or city where the sale is to be held, stating the time, place of sale, and a description and the location of the Collateral to be sold. At such sale, Carrier or any of its Affiliates will have the right to bid, and if the highest bidder, to become the purchaser. Carrier shall apply the proceeds of any such sale to the payment of Obligations accruing or due to Carrier and to the reimbursement of expenses associated with the sale of the Collateral, and the balance remaining, if any, will be paid to or held for whomsoever may be lawfully entitled thereto. Carrier may, with or without notice to Shipper, appoint agents to retain possession of Shipper's Product on behalf of Carrier for the purpose of enforcing this security interest, lien, and assignment. Carrier will have the right to file all such documents as it deems appropriate in order to perfect or maintain the perfection of the security interest, lien, and assignment granted herein and Shipper shall cooperate and execute all such documents as may be reasonably requested by Carrier.

If Shipper fails to satisfy when due any Obligations to Carrier, then Carrier will have the right, until all such Obligations, including interest thereon, are paid in full to: (i) refuse to provide Shipper access to Carrier's facilities or provide transportation services for Shipper's Product; (ii) set-off (including by set-off, offset, recoupment, combination of accounts, deduction, retention, or counterclaim) any amounts owing to Carrier against any monies owed by Carrier to Shipper or any of Shipper's Affiliates under this tariff, any contract, or against any Product of Shipper in the custody of Carrier or its agents; and (iii) exercise any other rights or remedies under this tariff, any contract with Shipper or under applicable law or in equity, provided that Carrier will only

exercise its right to refuse to provide Shipper access to Carrier's facilities or provide transportation services if Shipper has not provided Financial Assurances to Carrier sufficient in Carrier's reasonable discretion to satisfy the Obligations, provided further, notwithstanding any such Financial Assurances, if such Obligations have remained unsatisfied for 60 days past the date due, even if Shipper has provided Financial Assurances, Carrier will have the right to refuse Shipper access to Carrier's facilities or provide transportation services for Shipper's Product until such Obligations have been satisfied. In addition, Shipper shall pay all documented costs incurred by Carrier to collect any unpaid Obligations, including reasonable attorney fees and costs incurred by Carrier.

At any time, upon the reasonable request of Carrier, any prospective or existing Shipper shall provide information to Carrier that will allow Carrier to determine the prospective or existing Shipper's capacity to perform any Obligations that could arise under the terms of this tariff or a TSA. Carrier is not obligated to accept Product for transportation from or to provide access to Carrier's facilities to an existing or prospective Shipper if Shipper or prospective Shipper fails to provide the requested information to Carrier within 10 days of Carrier's written request, or if Carrier's review of the requested information reveals that the existing or prospective Shipper does not have the capacity to perform the Obligations and such Shipper fails to provide Financial Assurances requested by Carrier.

In the event Carrier determines that:

- (a) the existing or prospective Shipper's financial condition is or has become impaired or unsatisfactory;
- (b) any financial assurances ("Financial Assurances") previously provided by a Shipper no longer provide adequate security for the performance of such Shipper's Obligations; or
- (c) Carrier otherwise determines that it is necessary to obtain additional Financial Assurances from Shipper; then Carrier, upon notice to Shipper, may require one or more of the following Financial Assurances for the payment of the Obligations, to be provided at the expense of Shipper:
 - (1) prepayment (which will be held by Carrier without interest accruing thereon) in an amount and in a form satisfactory to Carrier;
 - (2) a standby irrevocable letter of credit in favor of Carrier in an amount and in a form satisfactory to Carrier and issued by a financial institution acceptable to Carrier;
 - (3) a guaranty in an amount and in a form satisfactory to Carrier and provided by a guarantor acceptable to Carrier; or other enforceable collateral security or credit support, in form and substance acceptable to Carrier.

ITEM 50 – PLACE OF RECEIPT AND DELIVERY

Carrier will receive Product at the Origins and Product will be delivered at the Destinations in accordance with Carrier's pumping schedules and at rates required by Carrier. Carrier may, at its sole discretion, receive Product from Shipper(s) at Beaumont, Hebert (Beaumont – Port Arthur) ① and Houston (Pasadena) ①, and North Port Arthur to be transported to Baytown for delivery at the Destination. Carrier will advise Shipper of the estimated transfer time of any proposed transport of Product from Beaumont, Hebert (Beaumont – Port Arthur) ① and Houston (Pasadena) ①, and North Port Arthur to Baytown and the movement of Product from Baytown to Destination for Shipper. **ONLY PRODUCT PRODUCED OR REFINED IN THE STATE OF TEXAS WILL BE ACCEPTED FOR MOVEMENT HEREUNDER.**

ITEM 55 – PRODUCT ACCEPTABLE

Product tendered by Shipper pursuant to this tariff shall be out of common stock in Carrier's pipeline system and shall meet Carrier's published product specifications as set forth in Carrier's publication, "Enterprise TE Fungible Specifications," which shall be modified or substituted from time to time and at any time to reflect Carrier's current published specifications for Product. Receipt of notice by Shipper from Carrier of any modifications or changes in Carrier's published Product specifications shall constitute an amendment to "Enterprise TE Fungible Specifications" and deemed a part hereof for all purposes.

ITEM 60 – PRODUCT QUALITY

Carrier reserves the right to refuse to accept any Product for transportation that does not meet Carrier's then-current Product specifications or that is not good merchantable Product readily acceptable for transportation through Carrier existing facilities.

If, upon investigation, Carrier determines that Shipper has delivered to Carrier's facilities Product that does not meet Carrier's then-current Product specifications or that is not good merchantable Product as set forth above, then Carrier reserves the right to treat or otherwise dispose of all such Product in any reasonable commercial manner at Shipper's sole expense. Carrier reserves the right to collect its actual treating and handling charges plus an additional charge of [U] 104 cents per Barrel.

Unless otherwise previously agreed to in writing by Shipper and Carrier, Shipper will be solely responsible for and accept, without cost to Carrier, all interface material generated by transportation of Product that does not meet Carrier's then-current Product specifications and that has been accepted by Carrier for Shipment through the pipeline facilities.

ITEM 65 – PRODUCT INVOLVED IN LITIGATION OR ENCUMBERED

Carrier may reject any Product, when offered for transportation, that may be involved in litigation, or the title of which may be in dispute, or which may be encumbered by lien or charge of any kind, and Carrier may require of Shipper satisfactory evidence of perfect and unencumbered title or satisfactory indemnity bond to protect Carrier against any and all losses.

ITEM 70 – PRORATION OF PIPELINE CAPACITY

When more Product has been tendered to Carrier for transportation than can be transported through Carrier's facilities, priority of movements will be:

- First Priority: Interstate movements under Enterprise TE's then effective FERC rules and regulations tariff.
- Second Priority: Take or pay movements, also referred to as throughput and deficiency, by Shipper under its Agreement with Carrier, if any.
- Third Priority: All other movements by Shippers allocated on an equitable basis.

[N] A Shipper or prospective Shipper without historical volume on an applicable pipeline segment will be deemed a "New Shipper" on such segment. Each New Shipper will receive 500 barrels per day of capacity until the total barrels allocated to all New Shippers exceeds 10% of the total capacity, at which time all New Shippers will receive an equal portion of the 10% of the total capacity.

During periods when Carrier is allocating capacity pursuant to this tariff, a New Shipper will not be allocated capacity if it is an Affiliate of another Shipper who received an allocation. Each Shipper or prospective Shipper requesting New Shipper status shall provide to Carrier an affidavit and such information as will enable Carrier to determine whether such Shipper is an Affiliate of any other Shipper that has a historical volume that will entitle such Shipper to an allocation of capacity in accordance with this tariff or is an Affiliate of another New Shipper. In no event will an allocation to a Shipper be used in such a manner as to enhance the allocation of another Shipper beyond the allocation to which such Shipper would be entitled under this tariff.

ITEM 75– SEPARATE PIPELINE AGREEMENTS

Separate agreements, if applicable, in association with pipeline connections or other facilities ancillary to Carrier's pipeline system and in accordance with this tariff will be required of any Shipper or Consignee before any obligation to provide transportation will arise.

ITEM 80– TAX REGISTRATION

Shipper shall provide Carrier, if applicable, with proof of registration with or tax exemption from, the appropriate federal and/or state tax authorities, which are in any way related to the collection and payment of excise taxes, sales taxes, BTU taxes, value added taxes, fees, levies, or any similar or dissimilar assessments or charges for the receipt, handling, use, storage, or transportation of Product.

ITEM 85 – TENDERS

Carrier will not be obligated to accept tenders for transportation of Product during any Month unless the Shipper, on or before the fifth day of the preceding Month, notify Carrier in the Transport 4 ® website (www.transport4.com) or any other form of communication reasonably requested by Shipper which can be accommodated by Carrier, of the quantity of such Product it desires to deliver at the Origin.

Notwithstanding the preceding paragraph, if requested by Carrier, Shipper shall furnish Carrier with a schedule of the expected deliveries of Product at the Origin and withdrawals at the Destination, setting forth Shipper's best estimate of daily rate of deliveries and withdrawals, and dates on which such deliveries and withdrawals will commence. Acceptance of such schedule shall not constitute an obligation on the part of Carrier to meet such schedule.

ITEM 90 – TITLE OF PRODUCT

Shipper will retain title to its Product while the same is in Carrier's custody. Carrier will be deemed to be in control and possession of the Product from the time the Product is delivered to Carrier until the Product is delivered to Shipper or consignee at the flange designated for change of custody for such deliveries. Carrier will have, and Shipper grants to Carrier, a security interest in the Product to secure payment of all charges resulting from the movement of Product under this tariff.

[N] ITEM 95 – GOVERNING LAW AND JURISDICTION

This tariff is governed by, and must be interpreted and construed in accordance with, the laws of the State of Texas, without regard to any of its principles of conflicts of laws that would make applicable the laws of any other jurisdiction. Except for disputes that fall within the jurisdiction of the Federal Energy Regulatory Commission, exclusive venue for any suit, action, or proceeding brought in connection with this tariff is in the state and federal courts located in Harris County, Texas. Carrier and Shipper each irrevocably and unconditionally waive, to the fullest extent they may legally and effectively do so, any objection they may now or hereafter have to the laying of venue of any suit, action, or proceeding arising out of or relating to this tariff in the state and federal courts situated in Harris County, Texas. Intending to waive and forever relinquish any right under applicable law providing for a right of trial by jury, Carrier and Shipper each knowingly, voluntarily, and intentionally waives, to the fullest extent permitted by applicable law, any and all claims or rights it or its successors and assigns may have to any trial by jury on any issue arising out of any litigation, dispute, suit, action, or proceeding related to this tariff.
