Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, such claims will not be paid and the Carrier shall not be liable.

ITEM NO. 35**DEMURRAGE**

Shipper shall remove Product, or cause Product to be removed, from Carrier's facilities following transportation to a nominated destination. Disposition of unremoved Product includes, but is not limited to, Carrier having the right to sell such Product to the first available purchaser at the best price obtainable; to use the proceeds thereof to pay pipeline transportation charges which shall be due as if delivery had been made; and to hold the balance of such proceeds for whomsoever may be entitled thereto.

The Carrier shall prepare and submit a statement to Shipper and consignee showing the apportionment of any such loss.

The Carrier operates under the Agreement and these Rules and Regulations solely as a common carrier and not as an owner, manufacturer, or seller of the Product transported or stored hereunder, and Carrier expressly disclaims any liability for any expressed or implied warranty for Products transported or stored hereunder including any warranties of merchantability or fitness for intended use.

Carrier shall have a lien on all Product in its possession belonging to Shipper or its consignee to secure the payment of any and all unpaid transportation, or any other lawful charges that are due Carrier (including deficiency payments), that are unpaid by Shipper or consignee, and may withhold such Product from delivery until all unpaid charges have been paid. If said charges remain unpaid ten (10) days after final notice and demand therefore, Carrier shall have the right, through an agent, to sell such Product at public auction, on any day not a legal holiday, in not less than forty-eight (48) hours after publication of notice of such sale in a daily newspaper of general circulation published in the town or city where the sale is to be held, stating the time, place of sale, and the quantity and location of Product to be sold. At said sale, Carrier shall have the right to bid, and if the highest bidder, to become the purchaser. Such current Product specifications are available on request and are subject to change from time to time ("Quality Specifications").

Shipper may be required to furnish Carrier with a certificate setting forth the specifications of each shipment of Product to be transported in Carrier's facilities. Carrier reserves the right to sample and/or test any such shipment prior to acceptance or during receipt, and in the event of variance between Shipper's certificate and Carrier's test, the latter shall prevail.

If, upon investigation, Carrier determines that Shipper has delivered to Carrier's facilities Product that has contaminated the common fungible stream, rendering all or a portion of the fungible Product stream undeliverable, such Carrier reserves the right to treat or otherwise dispose of all contaminated Product in any reasonable commercial manner at Shipper's sole expense. On Product received by Carrier that does not meet product deliverability requirements, Carrier reserves the right to collect its actual treating and handling charges plus an additional [U] 100 cents per Barrel.

In addition to Shipper's obligation to deliver Product meeting Carrier's Quality Specifications, and Carrier's right to dispose of off-specification Product as provided for herein, Shipper shall pay any fees set forth by Carrier for the incident and shall indemnify, defend, reimburse, and hold Carrier harmless from and against all claims, penalties, losses, costs, expenses, liabilities or damages of any kind or nature whatsoever (including reasonable attorney's fees and court costs associated therewith) (collectively, "Losses"), whether the Losses be suffered by Carrier or any third party, arising out of or related to Shipper's delivery to Carrier of off-specification Product, including, without limitation, Losses to Carrier's property, the property of others (including other Shippers), or treating or blending fees.

When there is offered to Carrier Product quantities greater than can be transported between origins and destinations, then Carrier shall accept and transport, during such period, only that portion of each good-faith offer to ship which Carrier shall determine to be equitable to all Shippers, having regard to the operating conditions of the pipeline system, as determined by Carrier, in accordance with the following allocation procedures:

a. Ninety percent (90%) of the available capacity shall be allocated by Carrier, on a non-discriminatory basis, to all Historical Shippers, with an individual Contract Shipper's entitlement based on the Shipper's Contract Volume applicable to the allocation period. Historical Shippers include Contract Shippers and those Shippers (without regard to affiliates thereof) that have transported volumes during a historical period.

b. The remaining ten (10%) of the available capacity shall be allocated on a pro rata basis to New Shippers. A New Shipper shall not be allocated more than one percent (1%) of the available capacity. If the aggregate Nominated volumes by New Shippers are less than ten percent (10%) of the available capacity of the pipeline system, each New Shipper will be allocated its Nominated volume, subject to the foregoing limitation, and the remaining available capacity will be allocated to Historical Shippers.

c. During instances of allocation, a Shipper will be deemed to have submitted a revised Nomination volume equal to its allocation determined by Carrier in accordance with the procedures set forth above.

Allocation will be given as a daily or monthly volume, at Carrier's discretion, and will be calculated for the calendar month.

Allocation shall not be brokered or transferred. With agreement of the Shippers concerned, historical volume may be transferred under the following conditions.

1. No commercial transaction occurs between the participating shippers with regard to historical volumes.
2. The transfer is irrevocable.
3. The request to transfer must be the result of an unusual situation as may be reasonably determined by the Carrier.

ITEM NO. 85**SCHEDULING OF DELIVERY**

When Shippers request for delivery from the pipeline at destination, a volume of Product greater than can be immediately delivered, Carrier shall schedule delivery. Carrier shall not be liable for any delay in delivery resulting from such scheduling of delivery.

ITEM NO. 90**SCHEDULING OF RECEIPT**

When Shipper desires to originate Product it shall furnish a nomination via EStream no later than the 15th calendar Day of the preceding Month in which Shipper desires transportation. A nomination shall specify the origins and destinations of the Product offered to Carriers. If Shipper does not furnish such nomination, Carriers will be under no obligation to accept such Product for transportation.

Product will be accepted for transportation, subject to the Rules and Regulations contained herein, at such time and in such quantity as scheduled by Carrier. Carrier will transport and deliver Product with reasonable diligence and dispatch considering the quantity, distance of transportation, safety of operations, and other material factors, but will not be liable if it does not deliver Product by the time specified by Shipper.

ITEM NO. 95**STORAGE**

Carrier does not have available, and does not hold itself out to provide storage of Shipper's Product at origin, destination, or intermediate points.

ITEM NO. 100**TRANSPORTATION INVENTORY**

Quantities of Product received into Carrier's custody for transportation to Shipper's nominated destination will constitute Shipper's transportation inventory prior to delivery. If Product cannot be accepted by the nominated destination through no fault of the Carrier, undelivered quantities will be returned to Shipper's holding (storage) inventory.
